

There are many ways to support the Edgewood Chamber of Commerce and promote your business. Below is a short but important list of ways you can do just that.

Please contact the ECOC if you have any questions or would like to sign up to be a sponsor of any of these items.

- **Water** – Bottled water is a must at our events and a great way to promote your business! Purchase cases of bottled water and attach your business information to each bottle.
- **“Litter Bags”** – The ECOC uses these bags at our events to pass ECOC information to attendees.
- **T-Shirt Sponsors** – What’s an event without an event t-shirt? If you already have t-shirts with your company logo on the front...we can use the back for the event and other sponsors. You then have lots of people with your t-shirt!!! What great exposure!
- **Office Needs** – We do lots of printing for events. Paper and ink are always welcome.

These items usually come out of the profits of our events. When your company supplies them, we all win...Your company name gets listed as a sponsor on our printed materials and the Chamber can put the profits towards making the events even better and taking care of office overhead.

Thank you for considering being a sponsor for some of the smaller items that make the ECOC events successful.
